

DIRECTORY INSTRUCTIONS

Welcome to Sitedux, Your Personalized Web Dashboard & Trusted Website Directory!

This document is focused on the Directory.

The directory presents you with websites, ranked and reviewed, that cover various categories and topics. Our home page (www.sitedux.com) displays categories that we cover.

Category Pages

When clicking on a category, you will see the multiple topics associated with that category. For example, here is the Food category page:

The screenshot shows a yellow header bar with a bowl of food icon, the word "Food", and a "Back to Directory" link. Below the header are six circular buttons for "Food Delivery", "Groceries Delivery", "Restaurant Reviews", "Alcohol Delivery", "Meal Kits", and "Cooking and Baking Recipes". At the bottom right, there is an "Also see:" section with a link to "Health & Exercise".

Topic Pages

Then when you select a Topic, a topic page is displayed. For example, here is the Restaurant Reviews Topic Page:

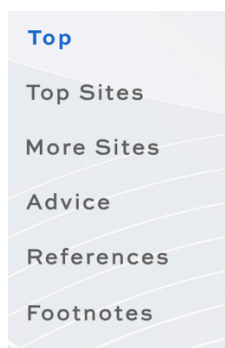

The screenshot shows the 'Restaurant Reviews' topic page. On the left is a vertical navigation menu with sections: Restaurant Reviews, Top, Top Sites, More Sites, Advice, References, Footnotes, and How To. The main content area is divided into two sections: 'Top Sites' and 'More Sites'. Each site entry includes a rank, logo, name, description, and expand/collapse icons.

Top Sites	
1	Yelp Connects people to local businesses via star ratings and reviews
2	Google My Business Easy-to-use tool for businesses and organizations to manage their online presence across Google
3	OpenTable Make reservations and check reviews. Owned by Priceline Group Inc
4	Facebook Reviews from the Facebook community (see Footnote)

More Sites	
	Allergy Eats Restaurant guide for allergy-friendly eats in the US
	BringFido Pet-friendly hotels, vacation rentals, restaurants, parks, trails, and shopping destinations. Veterinarians, sitters, and pet travel experts are available.
	Citysearch Find restaurants in your area. Owned by InterActiveCorp (IAC)

Each Topic has 5 different sections. The table of contents is displayed along the left border. Quickly navigate the page by clicking on the hyperlinked section.

- [Top](#)
- [Top Sites](#)
- [More Sites](#)
- [Advice](#)
- [References](#)
- [Footnotes](#)

Each section is expandable and collapsible using the  and  buttons on the right.

Top Sites will show you our Top 4 websites we ranked through research, along with a website description.

More Websites lists additional websites alphabetically each with a website description and links to the website.

Advice section provides guidance and suggestions to keep in mind to get the most out of the websites in that Topic.

Reference Articles lists comparison articles that contrast and compare the Topic websites, so you can quickly access further background information.

Footnotes list additional background information on certain websites where the description ends with “(see footnote)”.

Tagging and Saving to Dashboard

For each website, there are options to “Tag for Filter” or “Save to Dashboard”

Tagging displays a personalized short list of filtered websites so you can focus on the websites of your choosing.

Saved websites will be sent to your Dashboard, so you can optionally add them to your Dashboard page

Switching Between Directory and Dashboard

At the top of the page, there’s a toggle between the Directory and Dashboard. You can switch between the pages by clicking on the toggle, “Directory” or “Dashboard”.
